WORK AUTHORIZATION & AVAILABILITY

- **Status:** Valid German Residence Permit (*Chancenkarte*) – Already locally registered and living in Berlin.
- **Work Permit:** Full work authorization granted automatically upon job contract via direct, in-country local conversion. **No corporate sponsorship or embassy processing required.**
- **Availability:** Available immediately for full-time roles, hybrid/remote setups, and legal 2-week technical work trials (*Probearbeit*).

PROFESSIONAL SUMMARY

Data Analyst with an Anabin H+ verified **MBA** and over **5** years of verified corporate experience optimizing data pipelines, managing large-scale FMCG data ingestions, and automating dashboard architectures at global matrix firms (**IQVIA**, **NielsenIQ**). Highly expert in **SQL querying**, **RDBMS** (SQL Server), **Python** (**Pandas**, **NumPy**), **EXCEL** and **Power BI deployments**. Combines deep technical validation skills with critical soft skills, including **cross-functional technical translation**, **root-cause anomaly resolution**, and an **agile, collaborative mindset**. Proven track record of serving as a primary line of defence for data warehouse integrity, supervising transaction mapping parameters across 15 international market outlets, and maintaining a **99.98% data delivery accuracy standard** under strict operational constraints.

PROFESSIONAL EXPERIENCE

IQVIA | Bengaluru, India

Analyst – US Digital Enablement (Business Intelligence & Analytics) | 11/2022 – 06/2026

- **BI Architecture:** Maintenance, optimization, and delivery of daily/weekly BI updates regarding critical corporate metrics for senior management.
- **Data Analysis & Precision:** Execution of advanced SQL and Excel analyses, maintaining a verified 99.98% data delivery accuracy standard for US healthcare clients.
- **Dashboard Development:** Engineering of interactive Power BI reports to empower cross-functional stakeholders with independent data extraction capabilities.
- **Problem & Project Management:** Simultaneous management of multiple analytical tracks and cross-departmental debugging via root-cause investigation.

NIELSEN IQ | Vadodara, India

Data Processing Specialist (FMCG) – Input Validation & Trend Analysis | 01/2021 – 10/2022

- **Workflow Automation:** Management of large-scale data ingestion pipelines alongside validation schemas and parameter mappings for 15 market outlets.
- **Trend Analysis:** Identification of structural sales trends and data anomalies in the FMCG market using advanced Excel features (Pivot, VLOOKUP).
- **Ad-Hoc Reporting:** Preparation and validation of high-volume raw transaction records to guarantee maximum data consistency and integrity.
- **Stakeholder Management:** Translation of complex technical dataset findings into punchy commercial summaries for international teams.

CONNQ T BUSINESS SOLUTIONS | Remote, India

Analyst Internship (Fraud Detection & Credit Card Defaulters Prediction) | 02/2020 – 06/2020

- **ML Pipelines:** Development of end-to-end Machine Learning pipelines to automate the cleaning and preparation of unstructured data.
- **Exploratory Data Analysis:** Execution of data-driven EDA and advanced visual trend tracking utilizing Python (Pandas, NumPy, Seaborn, Matplotlib).
- **Process Optimization:** Logical optimization of complex data parsing workflows and independent debugging routines to secure maximum code reliability.

TECHNICAL SKILLS

- **Data Analytics & BI:** Business Intelligence (BI), Data Analysis, Power BI (Intermediate), Tableau Visualization (Beginner), Operational Reporting, Trend Analysis.
- **Data Engineering & Querying:** SQL (Advance), Database Querying, Data Cleansing, Data Preparation, Exploratory Data Analysis (EDA), Machine Learning Algorithms (Intermediate)
- **Tools & Programming:** Python (Intermediate), Microsoft Excel (Advance), GitHub (Beginner).

LANGUAGES

- **English:** Fluent (C1 - Primary working language).
- **German:** Elementary (A2) – *Actively upskilling to B1.*

EDUCATION & CREDENTIALS

- **Post Graduate Diploma in Business Analytics**
Loyola Institute of Business Administration | India | 06/2022 – 05/2023
Focus areas: Quantitative Decision Models, Relational Databases, Cloud Computing (Amazon Web Services), and Data Visual Analytics.
- **Post Graduate Program in Data Science and Engineering**
Great Lakes Executive Learning | India | 06/2019 – 01/2020
Focus areas: End-to-end Machine Learning projects using Python, SQL Programming, Applied Statistics, and Exploratory Trend Modelling.
- **Master of Business Administration (MBA)**
Gujarat Technological University | India | 06/2017 – 05/2019
Focus areas: Corporate Administration, Applied Market Research Engineering, Statistics, and Cross-Functional Stakeholder Communication.
- **Bachelor of Engineering (B.E.) in Automobile Technology**
Gujarat Technological University | India | 06/2013 – 05/2017
Focus areas: Passenger Car Architecture, Chassis & Suspension Dynamics, Internal Combustion Engine Technology, Vehicle Component Diagnostics.
